Poems and pictures portray our gratitude for Earth's natural resources. Her ability to present her emotional turmoil, vulnerability and even humour, as she finds herself ensnared by the big machine of what she terms 'the medical industry', is a thread that holds together an appalling story of the cover-ups and collusion between capital fearful of mass claims, the legal system that is too costly for individuals to

seek redress, the health professionals who ask too few questions about causation, and the government agencies that are unwilling to regulate hazards.

## Brown Sugar (Key Party Book 2)

The film retains the back story that was first explained fully in the second film: conflicts over diminishing oil reserves have led to a global nuclear war which devastated the landscape and shattered the fabric of civilization; the survivors have mostly gathered into isolated tribes, distinguished by colorful costumes and strange rituals, who employ whatever gasoline they can garner to maintain their rusting cars and motorcycles and violently prey upon outsiders. Collision cross section, upon which mobility is based, is not sufficiently unique or predictable a priori to be able to make a confident peak assignment unless the compounds present are already identified.
