Bad boy, Billy!

Human beings, he argued, faced with the epochal challenge of the extraordinary evolution of the last centuries - from scientific to electronic civilization, the highest stage of industrial revolution - need increasingly to use their own intelligence the faculty they obtain from the cerebral cortex to understand what is happening and orientate themselves. But god loves me.

Washington - Final Authorization of State Hazardous Waste Management Program Revisions (US Environmental Protection Agency Regulation) (EPA) (2018 Edition)

Given the low population and limited economic development of the possessions, it would be difficult to find the talent and resources for either the government or taxpayers to learn, apply, comply with and plan for such a code.
