Structural Health Monitoring: A Machine Learning Perspective

After Linda asked how she was supposed to meet someone, Lorraine replied that it would simply just happen, retelling the story of she fell in love with their father after he was hit by her father's car after falling out of a tree while "birdwatching" and how they had their first kiss at the Enchantment Under the Sea dance the following week. Rather, these essays together upset and undo the equally misguided assumption of an omnipresent heterosexuality through time by uncovering the various, complex workings of desire in texts from all periods.
